The Unique Mix of Methods and Approaches for Reliable Market Analysis

SELL-IN

The analysis measures Sell-In data. Sales from the manufacturer to the first distribution partner. OEMs are not taken into account.

Survey with Manufacturers & Experts

Basis of the analysis are surveys - electronic questionnaires and telephone interviews - with the most important manufacturers as well as interviews with industry experts.

Market Calculation Model

Industry relevant market drivers are taken into account in a market calculation model to determine the total market volume and forecasts.

The strong focus on interviews within the industry is clearly our **USP**
“Only who talks with the industry knows what’s going on!”
